DAKEWE

SurePrint S10/S10Pro slide printer

Pocket-sized genius

SurePrint S10 slide printer

Incredibility in the tiny body

S stands for... speed, saving, and slim.

Maximized compactness

Got a space for a smart phone? Then there is a place for S10

With 115 × 145 mm minimum distance between feet, S10 can effortlessly save scarce space in laboratories

Minimized consumable cost and maintenance

UV laser marking eliminates the demand for printing consumables such as ribbons, print heads, and ink cartridges, and hence the relevant maintenance

Mellow user experiences

Optimized user interface in simple/advande mode suitable for both geeks and pragmatists

Operate directly on the touch screen as a standalone printer, or connect it to a computer or various LIS

Multi-to-one control: Integrate S10 to your intranet to receive print requests from multiple computers for optimized equipment utilization

Relative size compared to Dakewe MT1 microtome

340 mm

306 mm

175 mm

490 mm

The pocket-sized genius

Dakewe SurePrint S10/S10Pro slide printer

Easy loading

150 slides capacity

Insert-n-print slides with tissues using dedicated on-demand loading hopper
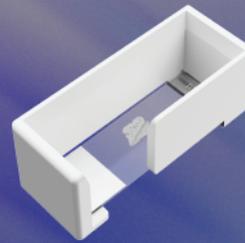

Built-in scanner facilitates lean workflow

On-demand output can be upgraded to **batch output** with extension (only S10Pro)
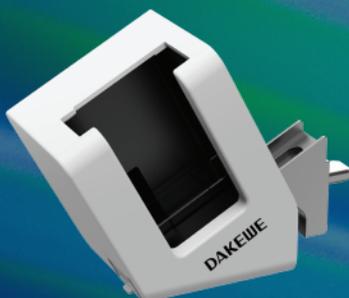

Specifications

	S10	S10Pro
